

## Doctor's Office to rent in Switzerland

I am a retired medical doctor originally from Panariti, at the Golf of Korinth. I have been living in Switzerland for more than 45 years.

The doctor who is practicing in my office now, is retiring at the end of 2019. Therefore I am looking for a successor to start January 2020 or according to our agreement.

We look for a well educated general practitioner or an experienced doctor for internal medicine, who speaks German and who is ready to lead an office with radiology, ECG, and traumatology. Ultrasound and nutrition consulting can be beneficial.

Seon is a growing community, which will secure the number of patients. The life style in this area is rather high.

Seon is centrally located: 42 km from Zürich, 47 km from Luzern, 14 km from Aarau. Nearby is the lake of Hallwyl and the mountains for hiking, biking, skiing are reachable within a good hour.

Feel free to contact me by phone ++41 78 719 13 41 oder by Email [pkokontis@vtxmail.ch](mailto:pkokontis@vtxmail.ch). Of course I speak Greek, too.
