

Position:	Medical Doctor
Project:	MSF Europe Migration/ Balkan Projects
Location:	Lesvos
Starting Date:	Immediately
Duration:	3 months (high possibility of indefinite extension)

Médecins Sans Frontières (MSF) is an international independent medical and humanitarian action-driven organization that offers assistance to populations in distress, to victims of natural or man-made disasters and to victims of armed conflict, without discrimination and irrespective of race, religion, creed or political affiliation. The MSF movement is built around 5 operational centers (OC) supported by 23 sections and offices worldwide. The MSF-Mission in Greece provides humanitarian and medical assistance to the refugee and migrants populations fleeing conflict in their home countries and following a migration route via Greece and the Balkans towards Northern Europe.

Main purpose

Provide medical care to patients within the target population (refugees/migrants being victims of torture, violence and/or sexual violence), according to adapted and updated medical knowledge, MSF protocols, values and universal hygiene standards to improve the patient's health condition.

A large proportion of the work is managing mental health related conditions as part of a multi-disciplinary team including a psychiatrist, psychologists and social workers.
